Air Quality Forecast for the UK

Issued by the Met Office

Today: Predominantly Low levels of air pollution are expected across the UK, although a few pockets of Moderate air pollution will occur, mainly across southern areas with light winds and largely sunny conditions.

Tomorrow: The generally Low levels of air pollution will continue, aided but rain for many parts of the UK. However, some very isolated pockets of Moderate air pollution are still possible.

Outlook: Despite light winds across the UK Low levels of air pollution will persist for most places, although occasional areas of Moderate pollution are possible.
